MEMORANDUM FOR THE RECORD:

The Director called Senator Hyaden and inquired whether he could come up to see him and give him the memorandum containing the budget figures, as he understood the bill was coming up on the Floor on Monday morning. Senator Hayden said he would like to have the memorandum, but that he thought the Director could send it up, that there was no need of his bringing it up himself. The Director said he would like to discuss it with him and would be happy to bring it up if the Senator had a few minutes this morning. The Senator said he could see him at 12:00, and the Director said he would be there.

Later -- The Director called Senator Saltonstall again, after talking with Senator Hayden, and told him that he was seeing Senator Hayden at noon, and that he thought it would be awfully good if the three of them could meet together for a few minutes.

Senator Saltonstall said he would be glad to do this, if Senator Hayden suggested it, but that he wanted the invitation to come from Senator Hayden. He said when the Director arrived in Senator Hayden's office, if the Senator indicated he would like to have Senator Saltonstall present, he would come right over, but that he wouldn't come unless he called for him.
